RE: Monee Improvements 2015

Dear Resident,

As you may be aware, the Village is about to begin a roadway improvement program that will include improvements to our village streets. The work is anticipated to start within the next couple of weeks and continue throughout the summer. During this time, there will be periods where parking will not be allowed on certain streets due to the construction activities that will be taking place. Residents will be notified prior to any parking restrictions.

The Village is committed to making communication with its residents a priority. Residents will be notified via informational flyers and/or signs posted in the vicinity of affected areas. In addition, the Village website will be routinely updated as the project progresses.

We appreciate your patience throughout the duration of this project. Should you have immediate concerns, please contact the Village Hall at 708-534-8301.

Sincerely,

Village of Monee

David "DJ" Kruzel
Public Works Superintendent
